

# Guemil

## Pictograms for Emergency

Guemil is an open source pictogram initiative oriented to represent risk and emergency situations. It makes available a visual standard for diverse stages and platforms of information (before > during > after). These icons are simple & useful resources for design and applied research.

Guemil es una iniciativa de pictogramas open source, orientada a representar situaciones de riesgo y emergencia. Permite disponer de un estándar visual para diversas etapas y plataformas de información (antes > durante > después). Los iconos son recursos simples y útiles para el diseño y la investigación aplicada.
